

”More independence
with your personal care”

ROPOX TOILET SUPPORT ARMS

GET SOMETHING TO LEAN ON

Toilet support arms are a great aid if you need to get on and off the toilet safely. Their ergonomic shapes provide a comfortable grip, and the cleaning-friendly surfaces optimize hygiene.

Because they are designed with two heights and an anti-slip surface, you have a firm grip from both standing and seated position. If you need a little extra support for getting up and sitting down, you can mount the standing/sitting attachments.

The support arms can be adjusted in height and at different angles to suit the individual user's needs.

If you need extra room in the bathroom, the support arms can be folded up to vertical position.

ROPOX TOILET SUPPORT ARMS

Height adjustment: 12 cm

Max. user weight: Tested acc. to DS/ISO 17966:2016
(see max. user weight below)
